MONTHLY MESSAGE

Dear Friends,

As we approach the end of 2014, we have much for which to be thankful. Our membership has grown. Many of our members donate their time to the center. These volunteers are the reason we are so successful.

We want to thank and acknowledge three of our outgoing Board Directors; Paul Buce, Pari Hoorfar and Ruth Shand for their hard work, support and dedication to the Center.

Recently we experienced a delivery problem of our monthly newsletter. Unfortunately, this is not the first time, but we are working with the post office to rectify this problem and are hopeful that we can resolve it permanently. However, you can always refer to our website where we post all monthly newsletters and calendars, as well as a listing of upcoming special events and a schedule of holiday or weather-related closings.

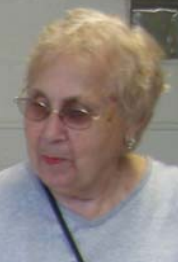

As we approach 2015, we have a new location for our senior center to look forward to and will be working diligently on the plans for this new location. With memories of 2014 and the anticipation of 2015, we have much to do. We will keep you up to date on any details of our future location. The new Upper Merion Community and Senior Center will be located 431 W. Valley Forge Road in King of Prussia.

Merry Christmas, Happy Hanukkah and Happy Kwanzaa. Best to all whichever is your holiday and the best to you for a very Happy and Healthy New Year in 2015 and *as always, come spend some time with us and remember to always say something nice about UMSSC.*

Happy Holidays!

*Mary McCree,
President*

COMMUNITY OUTREACH

UMSSC ADOPTS A FAMILY FOR THE HOLIDAY

We have "adopted" a family of three, a widowed mother and her 12 year old twins, for the holidays. Having recently lost her job, the mother, Tamyra, is not able to afford to give her children, son Morgan and daughter Cella gifts at Hanukkah. We have the opportunity to fulfill holiday "wishes" for this family in need and we hope that you will want to participate.

We have placed a basket in the lobby with gift suggestions written on slips of paper that you can pick out and purchase for the family. Please have your donations in by no later than December 9. Hanukkah begins on December 16 and we want them to have everything in time for their celebration!

CLOTHING DRIVE TO BENEFIT HOMES VETERANS and TOYS FOR TOTS

Tim Briggs is hosting a donation box for Nathan Rose, an Upper Merion resident and member of Boy Scout Troop 1, as part of his Eagle Scout Project. The project is a clothing drive to ***benefit homeless veterans*** throughout the Philadelphia region by creating care packages for those aided by the Philadelphia Veterans Multi-Service Center. The drive seeks donations of new or slightly used items including: blankets, jackets, winter hats and gloves, daypacks or small backpacks, and plastic water bottles. ***Donations accepted until December 31.***

Tim Briggs office is also serving as a drop off point for the U.S. Marine Corps' ***"Toys for Tots" campaign.*** Donations of new, unwrapped toys are requested. ***To ensure the toys are delivered in time for the holidays, they must be received before December 12.***

All of the donations should be delivered to Tim's District Office between 8:30 AM and 4:30 PM Monday through Friday, at 554 Shoemaker Road, Suite 149, King of Prussia.

GUEST READERS FOR EXTENDED DAY

Extended day is looking for volunteers to read stories to the children. If you are interested, there is a sign-up sheet at the Reception Desk.

SHOEBOX RECYCLING

What is "Shoebox Recycling" you ask yourself? It is a new program we are running in partnership with Community Recycling that collects *gently used* shoes for

men, women or children around the globe that are suitable for re-use. This program has other benefits as well. Every box we fill will raise funds for the center and there will be fewer shoes in a landfill which normally receives over 300 million pairs of shoes each year. So start cleaning out your closets and look under your bed for gently used shoes and please remember that every pair you recycle means extra funds for us. ***Please be sure shoes that are clean and in good condition. Boots, flip-flops, slippers, crocs, etc. are NOT accepted.***

KNITTERS WANTED

As you may or may not know, our knitting group ***donates knitted caps to St. Christopher's Hospital for Children.*** The hats are for the preemie babies to keep their tiny bodies warm. We are in need of some additional volunteers to help knit the hats. If you can knit and would like to help out, please stop in the office and give your name. The yarn and pattern will be supplied to you and you can join the group here at the Center on Tuesday's at 1:00 PM or you can take the yarn and do your knitting at home.

UPPER MERION EMERGENCY AID

Dried goods donations collected for families in the community. More families are in need than ever before. Donation box is outside of the lounge. ***The Upper Merion Emergency Fund has specifically requested food donations for the upcoming holidays of Boxed Potatoes (mashed, scalloped, au gratin, etc.) Boxed Pasta, Boxed Macaroni and Cheese, Stuffing (any flavor), Spaghetti Sauce, Peanut Butter & Jelly, Turkey Gravy, Chicken Broth, Pancake Mix, Pancake Syrup.***

PUT BOOKS IN THE HANDS OF CHILDREN WHO NEED THEM

Book donations to the Bridgeport Elementary School children (grades K-4th) are still being collected. ***Our book donations are a big hit with the kids. Let's keep it going!*** Collection box is on the table under the bulletin board. ***When donating books please be sure that they are in good condition.***

PROJECT LINUS – ONGOING

The "Hearts and Hands" ladies group at Good Shepherd's Church is still collecting knitted and crocheted squares for blankets. The purpose of Project Linus is to provide love, a sense of security, warmth and comfort to children who are seriously ill, traumatized, or otherwise in need through the gifts of new, handmade blankets and afghans, lovingly created by volunteer "blanketeers." Joan Banas has been collecting the squares on behalf of the church and will continue to do so as long as they are being made. Our

participating members have a done a great job for a very good cause.

COMMUNITY HAPPENINGS

WHY EXERCISE IS VALUABLE

Exercise plays an important role in how you look and feel. It increases circulation which delivers oxygen and nutrients to the body's cells. It increases bone and muscle strength. It reduces stress and promotes relaxation. Come join the Tuesday and Thursday chair exercise sessions to gain some of these benefits and to meet some other really nice members.

ZZZZzzzzz ... CAN NAPPING **IMPROVE YOUR MEMORY?**

"You must sleep sometime between lunch and dinner, and no halfway measures," wrote Winston Churchill. "Take off your clothes and get into bed. That's what I always do ... You will be able to accomplish more. You get two days in one — well, at least one and a half."

Like Churchill, a lot of us are dedicated nappers. In fact, the older we get, the more likely we are to nap. Surveys show that more than half of people 75 and older nap at least twice a week.

That may seem like an innocent enough pleasure, but for decades researchers have been studying napping to understand how it affects everything from health to nighttime sleep patterns, and a few studies have raised red flags, including one that linked napping to health problems. New findings, however, bring much good news, including that napping is associated with a sharper mind.

Take a nap. It's good for your health: "For most people, napping is perfectly healthy, and it may even have important benefits," says Thomas J. Balkin, director of the behavioral biology branch at Walter Reed Army Institute of Research. To take advantage of those benefits, though, it's important to know when and how long to snooze.

Improved memory: During a nap, says McDevitt, the brain seems to consolidate learning. She suspects that napping could be helpful for older people as a way to counteract age-related memory loss, although studies haven't yet looked at the question.

But does an afternoon nap rob you of sleep at night? It's a reasonable concern, especially among older people, since the amount of sleep people need declines with age. "If you needed eight hours when you were in your 30s, you may get along just fine and function well with just six and a half hours when you're in your 60s," says Timothy A. Roehrs, a sleep researcher at Henry Ford Hospital in Detroit.

How long you nap may also be important in determining the benefits you get. A 20-minute nap can help restore alertness and energy, says McDevitt. But if you want to take advantage of the memory and performance-enhancing benefits of a nap, research suggests you'll need to experience rapid-eye movement (REM) sleep. For that, you'll need to take a 60-minute siesta. Napping much longer than that doesn't add additional benefits and may make you feel groggy. The phenomenon, which sleep researchers call "sleep inertia," occurs because the brain chemicals that help you stay asleep in spite of barking dogs and sirens in the night take time to clear out. "The longer you nap, the stronger sleep inertia is likely to be," says Michael V. Vitiello, professor of psychiatry and behavioral sciences at the University of Washington. If you tend to feel groggy after napping, he says, it's wise to give yourself time to wake up fully before driving or doing other tasks that require concentration. A cup of caffeinated coffee can help clear away the cobwebs.

Not for everyone: Despite the multiple studies that link napping to health benefits, some findings have raised red flags. Older people who nap tend to have more health problems than non-nappers, says Vitiello. Perhaps that's not surprising. People with health problems may also be more likely to get tired during the day. Problems such as depression, nocturia (having to get up at night to urinate) and sleep apnea can get in the way of a good night's sleep. And napping can exacerbate insomnia. Feeling sleepy in the afternoon is perfectly normal. But if you toss and turn at night and feel tired in the morning, says Roehrs, napping may not be the best idea. Indeed, one of the treatments for chronic insomnia is sleep restriction, which involves spending less time in bed in order to improve the quality of sleep.

For most of us, however, napping is perfectly OK: If you're new to napping, says Vitiello, go ahead and give it a try. "Experiment with different length naps. If you feel more refreshed, great. If not, maybe napping isn't for you," says Vitiello. (*Article from the AARP Magazine September 2014*)
